Activities to develop and enrich fine motor skills are also included, as well as field trips to further their experience and concepts.

The Four-Year-Old Kindergarten Program is not intended to be a licensed Day Care or Preschool. For our program to be classified “exempt from Preschool/Daycare licensure,” we are required to follow certain guidelines set forth by the Department of Licensing:

1. Providence Christian School must notify parents/guardians of the above information and have, upon enrollment, a signed statement from the parent/guardian indicating that he/she understands these conditions, i.e., that Providence Christian School is not a licensed child care center.
2. Children three years, nine months are permitted to enroll in the Providence Christian School Four-Year-Old Kindergarten Program in consecutive sessions throughout the year; however, the Four-Year-Old Program cannot exceed 12 hours-per-week per child.
3. Providence Christian School must maintain enrollment records to ensure that no Four-Year-Old Kindergarten Program students are enrolled in consecutive sessions for more than 12 hours-per-week.

On the following page you will find the 4K Session Form. You may sign your child up for all four sessions at this time (each session is equivalent to one school quarter), or if you are enrolling your child mid-year, sign only the appropriate sessions. By signing for each individual session, you are acknowledging that you are aware that Providence Christian School is not offering enrollment in a Licensed Daycare/Preschool, but instead, a Four-Year-Old Kindergarten Program.

*Note – school uniforms are not required in our 4K program, only Kindergarten through 8th grade.
